June 19, 2025

Honorable District Judge Honorable County Judge Honorable County Commissioners Cooke County, Texas

The Annual Financial Report of Cooke County, Texas, for the fiscal year ended September 30, 2024, is submitted herewith in accordance with Chapter 114.025 of the Local Government Code. The accompanying financial statements were prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board and audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed public accountants.

This report consists of management's representations concerning the finances of Cooke County, Texas. Management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide basis for making these representations, Cooke County management has established a comprehensive internal control framework designed both to protect governmental assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with Generally Accepted Accounting Principles (GAAP). Cooke County's comprehensive framework, because the cost of internal controls should not outweigh their benefits, has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Pattillo, Brown & Hill, L.L.P., a firm of licensed certified public accountants, has audited Cooke County's financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended September 30, 2024, are free of material misstatements. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing principles used and significant estimates made by management; and evaluating the overall financial presentation. The independent auditor concluded, based on the audit, that there was a reasonable basis for rendering an unmodified opinion on Cooke County's financial statements for fiscal year ended September 30, 2024, that they were fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. Cooke County's MD&A can be found immediately following the report of the independent auditors.

#### Profile of the Government

Located in North Central Texas, Cooke County was incorporated in 1848 and the County was named after the Texas Revolution hero William G. Cooke. The County's population has remained relatively stable in the last hundred years. The current population projection is 45,250, which is an 8.6% increase over the 2020 census of 41,668. The County has a land area of 874.8 square miles.

The County operates as specified under the Constitution of the State of Texas and Vernon's Texas Code Annotated which provide for a Commissioners' Court consisting of the County Judge and four Commissioners, one for each of four geographical precincts. The County Judge is elected for a term of four years and the Commissioners for four-year staggered terms.

Cooke County provides a full range of services, including judicial, law enforcement, jail facilities, construction and maintenance of roads, bridges, and other infrastructure and homeland security response teams.

The annual budget serves as the foundation for Cooke County's financial planning and control. All departments of the County are required to submit requests for appropriations to the County Judge by the first of June. The County Judge uses these requests as the starting point for developing a proposed budget. The proposed budget is then prepared by the County Judge and submitted to Commissioners' Court for their consideration. Commissioners' Court then holds budget hearings to hear the requests from all departments. The Court is required to publish specific information, notices, and hold public hearings as defined by state statute. Once, and if all these requirements are met, the Court may adopt the budget and the tax rate by September 1 or as soon thereafter as is practical. The appropriated budget is adopted by line item. Budget to actual comparisons are provided in this report for the General Fund.

#### Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which Cooke County operates.

**Local Economy.** Cooke County was experiencing the same economic growth felt across North Texas in recent years, but the COVID-19 pandemic slowed the growth. Oil and gas production has remained steady but down resulting in lower mineral values and causing some companies to stop production. Population growth has increased with multiple subdivisions planned or being built. The 100-year-old courthouse has been restored and is the anchor to an active City square.

**Long-term financial planning.** The Commissioners' Court continues to be very active in maintaining viable fund balances to be able to finance any projects or emergencies that may arise.

**Cash management policies and practices.** Cash temporarily idle during the year was invested according to the adopted investment policy. Short-term and long-term cash flow was met with investing in cash-equivalent pools, CD's, Treasury bills and the County bank depository. The investments are met to obtain the highest possible yield while still protecting the principal.

**Risk management.** Cooke County has a pooled insurance program for liability claims, workers' compensation and health and dental insurance. Additional information on Cooke County's risk management activities can be found in Note 4(a) of the notes to the financial statements.

**Pension.** The County provides retirement, disability, and death benefits for all of its fulltime and permanent part-time employees through a nontraditional defined pension plan in the statewide Texas County and District Retirement System (TCDRS). Detailed information on the retirement plan can be found in the notes to the financial statements.

The preparation of this report could not have been possible without the efficient and dedicated services of the entire staff of the County Auditor's office. I would like to express my appreciation to all members of the department who assisted and contributed to the preparation of this report. Credit must also be given to the Commissioners' Court and Board of District Judges for their support for maintaining the highest standard of professionalism in the management of Cooke County's finances.

Respectfully submitted,

Sheely attackeny

Shelly Atteberry Cooke County Auditor

## **FINANCIAL SECTION**

THIS PAGE LEFT BLANK INTENTIONALLY

#### **INDEPENDENT AUDITOR'S REPORT**

Honorable Judge and Commissioners' Court Cooke County, Texas

#### **Report on the Audit of the Financial Statements**

#### Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Cooke County, Texas as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise Cooke County, Texas' basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Cooke County, Texas as of September 30, 2024, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cooke County, Texas and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Emphasis of Matter - Change of Accounting Principle

As discussed in the notes to the financial statements, in the year ending September 30, 2024, the County adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 100, Accounting Changes and Error Corrections-an amendment of GASB Statement No. 62. Our opinions are not modified with respect to this matter.

#### Responsibilities of Management for the Financial Statements

Cooke County, Texas' management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cooke County, Texas' ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cooke County, Texas' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant
  accounting estimates made by management, as well as evaluate the overall presentation of the financial
  statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cooke County, Texas' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and pension and OPEB information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Cooke County, Texas' basic financial statements. The combining and individual fund financial statements and schedules, are presented for the purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Information included in the Annual Financial Report

Management is responsible for the other information included in the annual financial report (AFR). The other information comprises the introductory section and tax rate information schedule but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 19, 2025, on our consideration of Cooke County, Texas' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Cooke County, Texas' internal control over financial reporting and compliance.

Pattillo, Brown & Hill, L.L.P.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

THIS PAGE LEFT BLANK INTENTIONALLY

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

As Management of Cooke County, Texas, we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended September 30, 2024. We encourage readers to consider the information presented here in conjunction with the independent auditor's report and the County's basic financial statements.

#### FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the County exceeded its liabilities and deferred inflows at the close of the fiscal year ended September 30, 2024, by \$72,468,151 (net position), an increase of \$3,776,491 or 5.44% over the prior year ending net position. Of this amount, \$16,484,422 (unrestricted net position) may be used to meet the County's ongoing obligations to citizens and creditors.
- As of September 30, 2024, the County's governmental funds reported combined fund balances of \$34,407,755. Approximately 15.57% of this total amount, \$5,357,671, is available for spending at the government's discretion (*unassigned fund balance*).
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$5,357,671, or approximately 20.43% of total General Fund expenditures.
- The County's total outstanding long-term liabilities decreased by \$1,435,489 during the current fiscal year.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis serves as an introduction to the County's basic financial statements. The County's basic financial statements are comprised of three components: government-wide financial statements, fund financial statements, and notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

#### **Government-wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the County's finances in a manner similar to private-sector business. The analysis of the County's overall financial condition and operations begins on page 10. Its primary purpose is to show whether the County is better or worse off as a result of the year's activities.

The *Statement of Net Position* presents information on all of the County's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference between the four reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *Statement of Activities* presents information showing how the County's net position changed during the fiscal year. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. Liabilities are considered regardless of whether they must be paid in the current or future years.

The government-wide financial statements can be found immediately following the management's discussion and analysis.

#### Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The fund financial statements provide more detailed information about the County's most significant funds – not the County as a whole.

• Some funds are required by state law and/or bond covenants.

• Other funds may be established by the Commissioners' Court to control and manage money for particular purposes or to show that it is properly using certain taxes or grants.

All of the funds of the County can be divided into two categories: governmental funds and fiduciary funds.

• **Governmental funds** – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains 35 governmental funds. Information is presented separately in the Governmental Fund Balance Sheet and in the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances for the General and ARPA Grant funds which are the only funds considered to be major funds. Data from the other 33 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The County adopts an annual appropriated budget for its General fund, road and bridge funds, and certain other special revenue funds. A budgetary comparison schedule has been provided to demonstrate compliance with the General Fund budget.

• Fiduciary funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government.

#### **Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found immediately following the basic financial statements.

#### Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information that further explains and supports the information in the financial statements. Required supplementary information can be found immediately following the notes to the financial statements.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of the County's financial position. In the case of the County, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$72,468,151 as of September 30, 2024, an increase of \$3,776,491 from operations as compared with the previous fiscal year. Unrestricted net position – the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements – is \$16,484,422 at September 30, 2024, a decrease of \$2,587,131 from the prior year unrestricted net position of \$19,071,553.

The following table presents condensed financial information derived from the Statement of Net Position:

#### COOKE COUNTY'S NET POSITION

|  | Governmental Activities                   |   |  |  |  |
|--|---|---|--|--|--|
|  | 2024                                      | 2023                                      |  |  |  |
| Current and other assets<br>Capital assets<br>Total assets                         | \$ 44,531,821<br>34,952,021<br>79,483,842 | \$ 38,935,684<br>35,886,201<br>74,821,885 |  |  |  |
| Deferred outflows of resources<br>Total deferred outflows of resources             | <u>1,770,054</u><br><u>1,770,054</u>      | 3,645,165<br>3,645,165                    |  |  |  |
| Long-term liabilities<br>Other liabilities<br>Total liabilities                    | 2,833,367<br>5,150,355<br>7,983,722       | 4,268,856<br>3,986,531<br>8,255,387       |  |  |  |
| Deferred inflows of resources<br>Total deferred inflows of resources               | <u> </u>                                  | 768,282<br>768,282                        |  |  |  |
| Net position:<br>Net investment<br>in capital assets<br>Restricted<br>Unrestricted | 34,399,865<br>21,583,864<br>16,484,422    | 33,888,648<br>16,483,180<br>19,071,553    |  |  |  |
| Total net position   | <u>\$ 72,468,151</u>                      | <u>\$ 69,443,381</u>                      |  |  |  |

Investment in capital assets (i.e. land, buildings, furniture, and equipment) less any outstanding debt used to acquire those assets is \$34,399,865, an increase of 1.51% over the prior fiscal year balance of \$33,888,648. This represents a significant portion (47.47%) of the County's net position. Cooke County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

A smaller portion of the County's total net position (29.78%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$16,484,422 (22.75%) is unrestricted and may be used to meet the County's ongoing obligations to citizens and creditors. This surplus is not an indication that the County has significant resources available to meet financial obligations next year, but rather it results from the fiscal planning necessary to meet certain *long-term commitments* that generally accepted accounting principles currently have no provision for recognizing.

#### **COOKE COUNTY'S CHANGES IN NET POSITION**

#### **Governmental Activities**

The County's total net position increased by \$3,776,491 from operations as compared to the prior fiscal year's increase of \$3,720,508. The total cost of all governmental activities this year was \$35,704,530, an increase of 6.61% when compared to the prior fiscal year.

#### FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As noted earlier, Cooke County uses fund accounting to ensure and demonstrate compliance with finance-related legal and contractual requirements.

#### **Governmental Funds**

The focus of Cooke County's governmental fund financial statements is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$34,407,755, an increase of \$1,745,278 (5.34%) over the prior year. Approximately 15.57% of this amount \$5,357,671 constitutes unassigned fund balance, which is available for spending at the government's discretion. The remainder of the fund balance is either nonspendable, restricted, or assigned to indicate that it is 1) not in spendable form (\$79,424), 2) legally required to be maintained intact (\$34,000), 3) restricted for particular purposes \$18,315,224, or 4) assigned for particular purposes (\$10,621,436).

The General Fund is the chief operating fund of Cooke County. At the end of the current fiscal year, total fund balance of the General Fund was \$16,721,815, a decrease of \$723,898 over the prior year. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. At September 30, 2024, unassigned fund balance represents 20.43% of total General Fund expenditures.

In the prior fiscal year, fund balance decreased by \$1,189,918 compared to the current year decrease of \$723,898. Key factors in the decrease of the change in fund balance for the General Fund are as follows:

- A \$2,173,926 increase in revenue, mostly caused by an increase in property taxes and fines and fees revenue;
- A decrease in net transfers from \$280,200 transfers out in the prior year to \$323,044 transfer out in the current year; and
- A \$1,651,257 increase in health and safety expenditures as compared to the prior year;

The American Recovery Plan Act (ARPA) Fund ended the year with fund balance of \$355,519, which was driven by investment earnings on stimulus funds not yet spent.

#### General Fund Budgetary Highlights

Differences between the final amended budget and actual expenditures consisted of the following briefly summarized items:

- \$2,983,153 under budget in general government;
- \$613,101 under budget in capital outlay; and
- \$902,456 under budget in judicial.

#### CAPITAL ASSET AND DEBT ADMINISTRATION

#### **Capital Assets**

Cooke County's investment in capital assets for its governmental activities as of September 30, 2024, amounts to \$34,952,021 (net of accumulated depreciation). This investment in capital assets includes buildings and improvements, machinery and equipment, and construction in progress.

Major capital asset event during the current fiscal year included the purchase of machinery and equipment in the amount of \$1,455,685.

Additional information regarding the County's capital assets can be found in the notes to the financial statements.

#### COOKE COUNTY'S LONG-TERM LIABILITIES

|                           | Governmental Activities |                     |  |  |  |  |
|---------------------------|-------------------------|---------------------|--|--|--|--|
|                           | 2024                    | 2023                |  |  |  |  |
| General obligations bonds | \$ -                    | \$ 765,000          |  |  |  |  |
| Lease liability           | 420,656                 | 893,281             |  |  |  |  |
| Financed purchases        | 66,017                  | 392,498             |  |  |  |  |
| Compensated absences      | 514,076                 | 469,663             |  |  |  |  |
| Total OPEB liability      | 1,832,618               | 1,748,414           |  |  |  |  |
| Total long-term debt      | <u>\$ 2,833,367</u>     | <u>\$ 4,268,856</u> |  |  |  |  |

At year-end, the County had \$0 in bonds outstanding versus \$765,000 at the end of the prior year. More detailed information about the County's long-term liabilities is presented in the notes to the financial statements.

#### ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

Cooke County's elected officials considered many factors when setting the fiscal year 2025 budget and tax rates. The County authorized a maintenance and operations tax rate of \$0.3154 as compared with the fiscal year 2024 rate of \$0.3204. However, in fiscal year 2023-24, the interest and sinking rate was \$0.0038, while for fiscal year 2024-25, because the County paid its bond in full, there will be no interest and sinking tax levied, making the County's total tax rate, including \$0.0001 for lateral road, \$0.3155 for 2024-25 as compared with a total tax rate of \$0.3243 for fiscal year 2023-24.

The County's 2024-25 budget projects an increase in General Fund revenues of \$2,177,013 and an increase in General Fund expenditures of \$2,048,998. However, due to the outbreak of COVID-19, the revenues for the County are uncertain moving forward.

#### **REQUESTS FOR INFORMATION**

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the County's finances and to show the County's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Cooke County Auditor's office, at the Cooke County Courthouse, Gainesville, Texas 76240.

The accompanying notes are an integral part of these financial statements.

#### RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

#### FOR THE YEAR ENDED SEPTEMBER 30, 2024

| Net change in fund balances - total governmental funds   | \$<br>1,745,278 |
|--|-----------------|
| Amounts reported for governmental activities in the Statement of Activities are different  |                 |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount of capital outlay in the governmental funds reported as capital asset additions in the government-wide statements.     | 1,863,426       |
| Depreciation of capital assets is reported as an expense in the statement of activities but does not require the use of current financial resources. Therefore, depreciation expense is not reported as an expenditure in governmental funds.  | (2,797,606)     |
| Compensated absences are accrued on the statement of net position but do not require the use of current financial resources. The current period change in compensated absences is reported in the statement of activities. This is the current period net increase in compensated absences not reported as expenditures in governmental funds. | (44,413)        |
| The issuance of long-term debt provides current financial resources to governmental funds,<br>while the repayment of the principal of long-term debt consumes the current financial<br>resources of governmental funds. Neither transaction, however, has any effect on net<br>position.   | 1,564,106       |
| Governmental funds report the effect of loss on refunding and premium from the sale of bonds when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.   | (53,226)        |
| Some revenues reported in the governmental funds were previously reported in the statement of activities but are only recognized in the funds in the year financial resources are provided.  | 591,717         |
| Some OPEB and pension costs are recognized in the period during which services are rendered in the statement of activities, and are recognized as expenditures in the fund statements when the current recourses are used.   | <br>907,209     |
| Change in net position of governmental activities  | \$<br>3,776,491 |

#### NOTES TO BASIC FINANCIAL STATEMENTS

SEPTEMBER 30, 2024

#### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. <u>Reporting Entity</u>

Cooke County is an independent governmental entity created under the laws of the State of Texas. The County is governed by an elected Commissioners' Court. The financial statements of the County include all funds and agencies over which the County exercises oversight responsibilities and accountability.

#### B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. *Governmental activities* generally are supported by taxes and intergovernmental revenue.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenue. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Certain indirect costs have been included as part of the program expenses reported for the various functional activities. *Program revenue* includes 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

#### C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements and fiduciary funds are reported using the *economic resources measurement focus* and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the *modified accrual basis of accounting*. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be *available* when it is collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenue to be available if collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, sales taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period. All other revenue items are considered to be measurable and available only when cash is received by the County.

The County reports the following major governmental funds:

The **General Fund** is the County's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The **ARPA Grant Fund** is used to account for the resources received from the American Rescue Plan Act of 2021.

Additionally, the County reports the following fund types:

**Special Revenue Funds** are used to account for specific revenue sources that are legally restricted or committed to expenditures for specified purposes (other than for capital projects or debt service).

The **Debt Service Fund** is used to account for the accumulation of resources that are restricted, committed, or assigned for the payment of principal and interest on long-term obligations of governmental funds.

The *Fiduciary Funds* are used to account for assets held by the County on behalf of individuals and other governments. Examples include taxes, fines, bonds and restitution.

The **Permanent Fund** is used to account for resources that are legally restricted to a county program. The resources can be spent on public services or programs for the County library.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments between funds where the amounts are reasonably equivalent in value to the interfund services provided and used. Elimination of these charges would distort the direct costs and program revenues reported for the various programs concerned.

#### D. <u>Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Fund</u> <u>Balance</u>

#### Deposits and Investments

The County's cash and investments are considered to be cash on hand, demand deposits, time deposits, and amounts maintained in one or more of the investment pools authorized by the Public Funds Investment Act. Investments for the County are reported at fair value, except for the position in investment pools. The County's investment pools are reported at the net asset value per share (which approximates fair value) even though it is calculated using the amortized cost method.

TexPool has a redemption notice period of one day and may redeem daily. The investment pool's authority may only impose restrictions on redemptions in the event of a general suspension of trading on major securities markets, general banking moratorium or national state of emergency that affects the pool's liquidity.

#### **Receivables and Payables**

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

All trade (fines and court costs, emergency medical services, and other) and property tax receivables are shown net of an allowance for uncollectibles. The County has contracted with a law firm to aggressively collect these delinquent property taxes. The County has also contracted with a law firm to collect fines, court costs, and restitution.

#### **Inventories and Prepaid Items**

Inventories are valued at cost using the first-in/first-out (FIFO) method and consist of expendable supplies and vehicle repair parts. The cost of such inventories is recorded as expenditures/expenses when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

#### Capital Assets

Capital assets, which include land, buildings, equipment and infrastructure assets (e.g. roads, bridges, dams and similar items), are reported in the governmental activities column of the statement of net position. The County defines capital assets as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition cost, which is the price that would be paid to acquire an asset with equivalent service potential at the acquisition date.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets are depreciated using the straight-line method over the following useful lives:

| Assets                 | Years   |
|------------------------|---------|
| Buildings              | 50      |
| Equipment              | 3 - 10  |
| Infrastructure         | 40      |
| Right-to-use land      | 40 - 45 |
| Right-to-use equipment | 3 - 10  |

#### Compensated Absences

It is the County's policy to permit employees to accumulate earned but unused vacation and sick pay benefits.

All regular full-time County employees accumulate vacation leave. An employee does not vest in vacation leave until the completion of one year of employment. Employees who have completed 12 months of employment are eligible for 40 hours of vacation leave. Vacation leave is accumulated at the following rates:

| After 1 year  | 3.3 hours per month/40 hours per year |
|---------------|---------------------------------------|
| 1 to 10 years | 6.7 hours per month/80 hours per year |
| Over 10 years | 10 hours per month/120 hours per year |

The maximum vacation time that may accumulate is the amount the employee would earn in 18 months at the current rate of vacation accrual. Upon termination, an employee is paid for accumulated vacation leave.

In addition to vacation leave, County employees accumulate sick leave at the rate of 8 hours per month. Sick leave is vested only to the extent that such sick leave is actually used while employed. Employees are not paid for accumulated sick leave upon termination or retirement.

#### Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities under governmental activities. On new bond issues, bond premiums and discounts, as well as deferred gain or loss on refunding of debt, are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt. Governmental fund financial statements report the face amount of debt issued as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### Leases

The County is a lessee for a noncancellable lease of equipment. The County recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the government-wide financial statements.

At the commencement of a lease, the County initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the County determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The County uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the County generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the non-cancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the County is reasonably certain to exercise.

The County monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long term debt on the statement of net position.

#### Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expenses, information about the Fiduciary Net Position of the Texas County and District Retirement System (TCDRS) and additions to/deductions from TCDRS's Fiduciary Net Position have been determined on the same basis as they are reported by TCDRS. For this purpose, plan contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### **Other Post-Employment Benefits**

For purposes of measuring the total OPEB liability, OPEB related deferred outflows and inflows of resources, and OPEB expense, benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Contributions are not required but are measured as payments by the County for benefits due and payable that are not reimbursed by plan assets. Information regarding the County's total OPEB liability is obtained from a report prepared by a consulting actuary, Gabriel Roeder Smith & Company.

#### **Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County has the following items that qualify for reporting in this category:

- Pension and OPEB contributions after measurement date These contributions are deferred and recognized in the following fiscal year.
- Differences between expected and actual experience This difference is deferred and amortized over a closed five-year period.
- Changes in actuarial assumptions This difference is deferred and amortized over the average remaining service life for all active, inactive, and retired members.
- Difference in projected and actual earnings on pension assets This difference is deferred and amortized over a closed five-year period.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has the following items that qualify for reporting in this category:

- Unavailable revenue is reported only in the governmental funds balance sheet. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.
- Difference in expected and actual pension experience This difference is deferred and recognized over the estimated average remaining lives of all members determined as of the measurement date.
- Differences between expected and actual OPEB experience This difference is deferred and amortized over a closed five-year period.
- Changes in actuarial assumptions This difference is deferred and amortized over the average remaining service life for all active, inactive, and retired members.

#### **Fund Balance**

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. Nonspendable items are not expected to be converted to cash or are not expected to be converted to cash within the next year.
- Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.
- Committed: This classification includes amounts that can be used only for specific purposes
  pursuant to constraints imposed by Commissioners' Court, the County's highest level of
  decision-making authority. These amounts cannot be used for any other purpose unless the
  Commissioners' Court removes or changes the specified use by taking the same type of
  action that was employed when the funds were initially committed. This classification also
  includes contractual obligations to the extent that existing resources have been specifically
  committed for use in satisfying those contractual requirements.
- Assigned: This classification includes amounts that are constrained by the County's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the County Auditor.

• Unassigned: This classification includes the residual fund balance for the General Fund. The unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of assigned fund balance amounts.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the County considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the County considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

It is the goal of the County to achieve and maintain an unassigned General Fund balance equal to at least 25% of budgeted expenditures. In the event that the unassigned General Fund balance is less than the policy anticipates, the County shall plan to adjust budget resources in the subsequent fiscal years to restore the fund balance.

#### Net Position

Net position represents the difference between assets and liabilities. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislations adopted by the County or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

#### Use of Estimates

The preparation of financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual amounts could differ from those estimates.

#### Change in Accounting Principle

During fiscal year 2024, the County adopted the following new accounting guidance:

GASB Statement No. 100, Accounting Changes and Error Corrections – an amendment of GASB Statement No. 62, was adopted effective October 1, 2022. The primary objective of this Statement is to enhance accounting financials reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions for assessing accountability.

#### II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

#### A. <u>Budgetary Information</u>

The County adopts annual appropriated budgets for the General Fund, Special Revenue Funds and the Debt Service Fund on the modified accrual basis of accounting. Project length budgets are adopted for Capital Projects Funds and amended on an annual basis to reflect the uncompleted portion of the projects.

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

- a) During June, the County Judge submits to the Commissioners' Court a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them. Each fund is budgeted on an annual basis with no carryovers into the next year. If a fund has a balance at the end of the year, the balance is included in the computation of available cash for next year's budget.
- b) Public hearings are conducted to obtain taxpayer comments.
- c) Prior to October 1, the budget is legally enacted.
- d) The County Auditor is required to monitor the expenditures of the various departments. The budget is controlled on a departmental object class basis. Expenditures can be reallocated within a departmental object class at any time by Court order, but the budget must be formally amended to allow the original level of budgeted expenditures within a department to be exceeded. The Court must approve all amendments to the budget.

The Court approves budget amendments proposed by the County Judge throughout and immediately subsequent to the fiscal year. These amendments are routinely approved and the current year budgetary data presented includes all approved budget amendments. Budgetary amendments are integrated after the fiscal year-end due to the normal year-end closing procedures and adjustments that are discovered during that period. Budget amendments are necessary at that time to comply with Chapter 111, Local Government Code of the State of Texas, which states that funds may be spent only for items or categories of items that are included in the adopted budget. The County has chosen to adopt the budget at the department object class level, since this allows budgetary control, but is still meaningful to the Commissioners' Court and the citizens of the County. All annual appropriations lapse at the end of each fiscal year, in accordance with state law.

#### III. DETAILED NOTES ON ALL FUNDS

#### A. <u>Cash and Investments</u>

State statutes authorize the County to invest in (1) obligations of the United States or its agencies and instrumentalities; (2) direct obligations of the State of Texas or its agencies; (3) other obligations, the principal of and interest on which are unconditionally guaranteed by the State of Texas or the United States; (4) obligations of states, agencies, counties, cities, and other political subdivisions of any state having been rated as investment quality by a nationally recognized investment rating firm and having received a rating of not less than A or its equivalent; (5) certificates of deposit by state and national banks domiciled in this state that are (a) guaranteed or insured by the Federal Deposit Insurance Corporation, or its successor; or (b) secured by obligations that are described by (1) - (4); and (6) fully collateralized direct repurchase agreements having a defined termination date, secured by obligations described by (1), pledged with a third party selected or approved the County, and placed through a primary government securities dealer.

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

Of the County's total fair value investments, \$2,999,933 were valued using documented trade history in exact security and \$2,448,020 were valued using the present value of expected future cash flow model.

**Interest Rate Risk** - As a means of minimizing risk of loss due to interest rate fluctuations, the Investment Policy requires that investment maturities not exceed two years for all investment types.

**Custodial Credit Risk** - In the case of deposits, this is the risk that in the event of a bank failure, the County's deposits may not be returned to it. State statutes require that all deposits in financial institutions be fully collateralized by U. S. Government obligations or its agencies and instrumentalities or direct obligations of Texas or its agencies and instrumentalities that have a fair value of not less than the principal amount of deposits. As of September 30, 2024, the County's full deposit balance was collateralized with securities held by the pledging financial institution in the County's name or by FDIC insurance.

**Credit Risk** - State law and county policy limit investments in local government investment pools to those rated no lower than AAA or an equivalent rating by at least one nationally recognized rating service. As of September 30, 2024, all of the investment pools had a rating of AAAm.

The County's investments as of September 30, 2024, were as follows:

|  |                  | Ē  | air Value Mea | surei | ment Using | Weighted<br>Average<br>Maturity |
|--|------------------|----|---------------|-------|------------|---------------------------------|

#### C. Property Taxes

Property subject to taxation consists of real property and certain personal property situated in the County. Certain properties of religious, educational and charitable organizations, including the federal government and the State of Texas, are exempt from taxation. Additionally, there are other exemptions in arriving at the total assessed valuation of property subject to County taxation. The valuations are subject to countywide revaluation every year. The effective tax rate is computed based upon the previous year's total assessed valuation.

Portions of the adopted tax rate are assessed and designated for specific purposes. These designated tax revenues are deposited into funds created for the accumulation and disbursement of these revenues. The following schedule details the components of the 2024 tax rate allocated to each fund:

| Fund  | Rate<br>Per \$100                                 |
|---|---|
| General fund<br>Permanent improvement fund<br>Road and bridge fund<br>Farm to market and lateral road fund<br>Interest and sinking fund | \$ 0.1804<br>0.0150<br>0.1250<br>0.0001<br>0.0038 |
|   | \$ <u>0.32430</u>                                 |

Ad valorem taxes are levied prior to October 1 and are due and payable from October 1 of the year in which levied until January 31 of the following year without interest or penalty. Taxes become delinquent February 1 of each year and are subject to simple interest of 12% per annum, plus a 6% penalty for the first calendar month such taxes are delinquent, plus an additional 2 percent each month thereafter not to exceed 12%.

Taxes on real property attach as an enforceable lien as of January 1 and are a lien against such property until paid. The County may foreclose on real property upon which it has a lien for unpaid taxes. Delinquent taxes on property not otherwise collected are generally paid when there is a sale or transfer of the title to the property. Any liens and subsequent suits against the taxpayer for payment of delinquent personal property taxes are barred unless instituted within four years from the time such taxes become delinquent. Unlike real property, the sale or transfer of most personal property does not require any evidence that taxes thereon are paid.

#### D. Capital Assets

Capital asset activity for the year ended September 30, 2024, was as follows:

|                                    | Beginning<br>Balance | Increases            | Decreases            | Ending<br>Balance    |
|------------------------------------|----------------------|----------------------|----------------------|----------------------|
| Governmental activities:           |                      |                      |                      |                      |
| Capital assets, not                |                      |                      |                      |                      |
| being depreciated:                 | ¢ 1 E04 749          | ¢                    | <i>*</i>             | ¢ 1 E04 749          |
| Land                               | <u>\$ 1,504,748</u>  | <u>\$ -</u>          | <u>&gt;</u> -        | <u>\$ 1,504,748</u>  |

| Transportation                                       | <br>1,090,432   |
| Total depreciation expense - governmental activities | \$<br>2,797,606 |

#### E. Long-term Liabilities

#### Leases

The County entered into lease agreements for equipment, land, and infrastructure. These agreements carry interest rates up to 10% and have monthly payments ranging from \$671 to \$256,000. Interest expense during the year totaled \$27,529.

The future lease principal and interest payments as of September 30, 2024, were as follows:

| Fiscal Year   |    |           |    |         |               |
|---------------|----|-----------|----|---------|---------------|
| Ending        |    |           |    |         |               |
| September 30, | F  | Principal | I  | nterest | Total         |
| 2025          | \$ | 50,720    | \$ | 7,493   | \$<br>58,213  |
| 2026          |    | 31,362    |    | 6,954   | 38,316        |
| 2027          |    | 19,204    |    | 6,465   | 25,669        |
| 2028          |    | 15,833    |    | 6,037   | 21,870        |
| 2029          |    | 12,164    |    | 5,616   | 17,780        |
| 2030 - 2034   |    | 24,482    |    | 26,358  | 50,840        |
| 2035 - 2039   |    | 29,006    |    | 23,794  | 52,800        |
| 2040 - 2044   |    | 35,076    |    | 20,848  | 55,924        |
| 2045 - 2049   |    | 40,856    |    | 17,224  | 58,080        |
| 2050 - 2054   |    | 48,415    |    | 13,102  | 61,517        |
| 2055 - 2059   |    | 55,742    |    | 8,146   | 63,888        |
| 2060 - 2064   |    | 43,449    |    | 3,136   | 46,585        |
| 2065 - 2067   |    | 14,347    |    | 294     | <br>14,641    |
| Total         | \$ | 420,656   | \$ | 145,467 | \$<br>566,123 |

#### **Financed Purchases**

The County entered into various agreements to finance the purchase of heavy machinery and equipment. These agreements carry interest rates ranging from 2.394% to 4.340% and have annual payments ranging from \$35,600 to \$156,540. Interest expense during the year totaled \$11,283.

The future debt service payments as of September 30, 2024, were as follows:

| Fiscal Year<br>Ending<br>September 30, | Р  | rincipal         | Iı | nterest        | Total |                  |  |
|--|----|------------------|----|----------------|-------|------------------|--|
| 2025<br>2026                           | \$ | 32,704<br>33,313 | \$ | 2,895<br>1,465 | \$    | 35,599<br>34,778 |  |
| Total                                  | \$ | 66,017           | \$ | 4,360          | \$    | 70,377           |  |

#### Changes in Long-term Liabilities

The following is a summary of long-term debt activity for the fiscal year ended September 30, 2024:

| Description  | Beginning<br>Balance | A  | dditions | <br>Deletions   | <br>Ending<br>Balance | <br>ie Within<br>ne Year |
|--|----------------------|----|----------|-----------------|-----------------------|--------------------------|
| Governmental activities:<br>General obligation bonds | \$<br>765,000        | \$ | -        | \$<br>765,000   | \$<br>-               | \$<br>-                  |
| Leases   | 893,281              |    | 57,052   | 529,677         | 420,656               | 50,720                   |
| Financed purchases                                   | 392,498              |    | -        | 326,481         | 66,017                | 32,704                   |
| Compensated absences                                 | <br>469,663          |    | 473,799  | <br>429,386     | <br>514,076           | <br>102,815              |
| Total  | \$<br>2,520,442      | \$ | 530,851  | \$<br>2,050,544 | \$<br>1,000,749       | \$<br>186,239            |

Compensated absences, leases, and financed purchases are generally liquidated by the General Fund and special revenue funds.

#### F. <u>Risk Management</u>

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the year ended September 30, 2024, the County carried insurance through various commercial carriers, including the Texas Association of Counties, to cover all risks of losses. The County has had no settled claims resulting from these risks that exceeded its commercial coverage in any of the past three fiscal years.

#### G. Contingent Liabilities and Commitments

The County may be contingently liable with respect to lawsuits and claims in the ordinary course of operations that, in the opinion of management, will not have a material adverse effect on the financial condition of the government.

The County participates in various federal grant programs, the principal of which are periodically subject to program compliance audits pursuant to the Single Audit Act. Accordingly, the government's compliance with applicable grant requirements will be established at a future date. The amount of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although the County anticipates such amounts, if any will be immaterial.

#### H. <u>Retirement Plan</u>

#### **Plan Description**

The County participates in a nontraditional defined benefit pension plan in the statewide Texas County and District Retirement System ("TCDRS"). The Board of Trustees of TCDRS is responsible for the administration of the statewide agent, multiple-employer, public employee retirement system consisting of nontraditional defined benefit pension plans. TCDRS issues a publicly available comprehensive annual financial report that can be obtained at *www.tcdrs.org*.

All full and part-time non-temporary employees participate in the plan, regardless of the number of hours they work in a year. Employees in temporary positions are not eligible for membership.

#### **Benefits Provided**

TCDRS provides retirement, disability and survivor benefits for all eligible employees. Benefit terms are established by the TCDRS Act. The benefit terms may be amended as of January 1, each year, but must remain in conformity with the Act.

Members can retire at age 60 and above with 8 or more years of service, with 30 years of service regardless of age, or when the sum of their age and years of service equals 75 or more. Members are vested after eight years of service, but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by their employer.

Benefit amounts are determined by the sum of the employee's contributions to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the governing body of the employer within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. By law, employee accounts earn 7% interest. At retirement, death or disability, the benefit is calculated by converting the sum of the employee's accumulated contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

#### Employees covered by benefit terms

At the December 31, 2023 valuation and measurement date, the following employees were covered by the benefit terms:

| Inactive employees or beneficiaries currently receiving benefits | 158 |
|--|-----|
| Inactive employees entitled to but not yet receiving benefits    | 240 |
| Active employees   | 262 |
| Total  | 660 |

**Contributions.** The contribution rates for employees in TCDRS are either 4%, 5%, 6%, or 7% of employee gross earnings, as adopted by the employer's governing body. Participating employers are required to contribute at actuarially determined rates to ensure adequate funding for each employer's plan. Under the state law governing TCDRS, the contribution rate for each entity is determined annually by the actuary and approved by the TCDRS Board of Trustees. The replacement life entry age actuarial cost method is used in determining the contribution rate. The actuarially determined rate is the estimated amount necessary to fund benefits in an orderly manner for each participate over his or her career so that sufficient funds are accumulated by the time benefit payments begin, with an additional amount to finance any unfunded accrued liability.

Employees for the County were required to contribute 7% of their annual gross earnings during the fiscal year. The contribution rates for the County were 8.76% and 8.70% in calendar years 2023 and 2024, respectively. The County's contributions to TCDRS for the year ended September 30, 2024, were \$1,674,169, and were \$300,000 greater than the required contributions.

**Net Pension Liability (Asset).** The County's Net Pension Liability (Asset) (NPL) was measured as of December 31, 2023, and the Total Pension Liability (TPL) used to calculate the Net Pension Liability (Asset) was determined by an actuarial valuation as of that date. This liability is generally liquidated by the General Fund.

#### Actuarial Assumptions

The Total Pension Liability in the December 31, 2023, actuarial valuation was determined using the following actuarial assumptions:

| Inflation                 | 2.50% per year   |
|---------------------------|--|
| Overall payroll growth    | 3.00% per year   |
| Investment rate of return | 7.50%, net of pension plan investment expense, including inflation |

Cost-of-living adjustments ("COLA") for the County are considered to be substantively automatic. Therefore, an annual cost-of-living adjustment is not included in the actuarial valuation. Each year, the County may elect an ad-hoc COLA for its retirees.

Mortality rates for active members, retirees, and beneficiaries were based on the following:

| Depositing members   | 135% of Pub-2010. General Employees Amount-<br>Weighted Mortality Table for males and 120% Pub-<br>2010 General Employees Amount-Weighted Mortality<br>Table for females, both projected with 100% of the MP-<br>2021 Ultimate scale after 2010.                |
|--|---|
| Service retirees, beneficiaries and non-<br>depositing members | 135% of Pub-2010 General Retirees Amount-Weighted<br>Mortality Table for males and 120% Pub-2010 General<br>Retirees Amount-Weighted Mortality Table for<br>females, both projected with 100% of the MP-2021<br>Ultimate scale after 2010.                      |
| Disabled retirees  | 160% of Pub-2010 General Disabled Retirees Amount-<br>Weighted Mortality Tables for males and 125% Pub-<br>2010 General Disabled Retirees Amount-Weighted<br>Mortality Table for females, both projected with 100%<br>of the MP-2021 Ultimate Scale after 2010. |

Updated mortality assumptions were adopted in the actuarial valuation of December 31, 2018. All other actuarial assumptions that determined the total pension liability as of December 31, 2019, were based on the results of an actuarial experience study for the period January 1, 2013, through December 31, 2016.

The long-term expected rate of return on pension plan investments is 7.50%. The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the TCDRS Board of Trustees.

The long-term expected rate of return on TCDRS is determined by adding inflation to expected long-term real returns, and reflecting expected volatility and correlation. The capital market assumptions and information below are based on January 2024 information for a 10-year time horizon. The valuation assumption for long-term expected return is re-assessed at a minimum of every four years, and is set based on a 30-year time horizon; the most recent analysis was performed in 2021. The target allocation and best estimates of geometric real rates return for each major asset's class are summarized in the following table:

| Asset Class                        | Benchmark  | Target<br>Allocation <sup>(1)</sup> | Geometric Real<br>Rate of Return<br>(Expected minus<br>Inflation) <sup>(2)</sup> |
|------------------------------------|--|-------------------------------------|--|
| US Equities                        | Dow Jones U.S. Total Stock Market Index  | 11.50%                              | 4.75%  |

#### Discount Rate

The discount rate used to measure the Total Pension Liability was 7.6%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statue. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the Total Pension Liability.

#### Changes in the Net Pension Liability (Asset)

|  | Increase (Decrease)               |   |                        |  |  |  |

#### Pension Plan Fiduciary Net Position

Detailed information about the pension plan's Fiduciary Net Position is available in a separatelyissued TCDRS financial report. The report may be obtained on the Internet at *www.tcdrs.org*.

# Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2024, the County recognized pension expense of \$696,615.

At September 30, 2024, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|   | Deferred Outflows<br>of Resources |                      | Deferred Inflows<br>of Resources |                   |
|---|-----------------------------------|----------------------|----------------------------------|-------------------|
| Differences between expected and actual economic experience<br>Changes in actuarial assumptions | \$                                | 1,599                | \$                               | 200,075<br>33,244 |
| Difference between projected and actual investment earnings                                     |                                   | -                    |                                  | 33,244            |
| Contributions subsequent to the measurement date  |                                   | 308,029<br>1,008,747 |                                  | -                 |
| Total   | \$                                | 1,318,375            | \$                               | 233,319           |

\$1,008,747 reported as deferred outflows of resources related to pension resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ending September 30, 2025. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expenses as follows:

| Year Ended    |           |           |
|---------------|-----------|-----------|
| September 30, | _         |           |
| 2025          | \$        | (545,765) |
| 2026          |           | (267,142) |
| 2027          |           | 1,291,626 |
| 2028          |           | (402,410) |
| Total         | <u>\$</u> | 76,309    |

#### I. <u>Other Post-Employment Benefits – Retiree Health Insurance Plan</u>

**Plan Description.** The County sponsors a Retiree Health Insurance Benefits Plan (the "Plan"). The Plan provides these other post-employment benefits ("OPEB") for eligible employees through a single-employer defined benefit plan, under the County's policy. This plan is administered by the County and it has the authority to establish and amend the benefit terms and financing arrangements. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

**Benefits and Eligibility.** The Retiree Health Program provides County retirees full retiree health care benefits. Members hired on or after January 1, 1998, are eligible at age 62 with 20 or more years of service. Members hired on or before December 31, 1997, are eligible at age 60 with 20 or more years of service or at age 55 with 25 or more years of service. Members who retire before meeting the eligibility requirements above are offered COBRA benefits. County coverage ceases when retiree becomes eligible for Medicare coverage. The County also offers dental coverage to retirees under the age of 65. Retirees who decide to opt-out of the health care plan will not be eligible to opt back in when coverage from another entity ceases.

**Contributions.** The County pays the retirees premiums. The County's contributions to the OPEB for the year ended September 30, 2024, were \$80,468, which equal benefit payments for retirees.

The number of employees currently covered by the benefit terms is as follows:

| Inactive employees or beneficiaries currently receiving benefits | 5   |
|--|-----|
| Active members   | 160 |
| Total  | 165 |

#### Actuarial Methods and Assumptions

Significant methods and assumptions were as follows:

| Actuarial Cost Method        | Individual Entry-Age Normal  |
|------------------------------|--|
| Discount Rate                | 3.77% as of December 31, 2023  |
| Inflation Rate               | 2.50%  |
| Salary Increases             | 0.40% to 5.25%, not including wage inflation of 3.00%  |
| Demographic Assumptions      | Based on the experience study covering the four-year<br>period ending December 31, 2020 as conducted for the<br>Texas County and District Retirement System (TCDRS).<br>For the OPEB valuation, the standard TCDRS retirement<br>rates were adjusted to reflect the impact of the County's<br>retiree medical plan design. |
| Mortality                    | For healthy retirees, the Pub-2010 General Retirees<br>Tables for males and females are used with male rates<br>multiplied by 135% and female rates multiplied by 120%.<br>Those rates are projected on a fully generational basis<br>based on 100% of the ultimate rates of mortality<br>improvement scale MP-2021.       |
| Health care cost trend rates | Initial rate of 7.00% declining to an ultimate rate of 4.25% after 15 years.   |
| Participation rates          | It was assumed that 100% of eligible retirees would choose to receive retiree health care benefits through the County.   |
| Discount rate                | The discount rate changed from 4.05% as of December 31, 2022 to 3.77% as of December 31, 2023.   |
|                              |  |

Projections of health benefits are based on the plan as understood by the County and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the County and its employees to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

A Single Discount Rate of 3.77% was used to measure the total OPEB liability. This Single Discount Rate was based on the municipal bond rates as of the measurement date. The source of the municipal bond rate was Fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in the Fidelity "20-year Municipal GO AA Index" as of December 31, 2023.

#### Changes in the Total OPEB Liability

The County's total OPEB liability of \$1,832,618 was measured as of December 31, 2023 and was determined by an actuarial valuation as of December 31, 2022.

|   | Total OPEB<br>Liability |           |  |
|---|-------------------------|-----------|--|
| Balance at 12/31/2022                             | \$                      | 1,748,414 |  |
| Changes for the year:                             |                         |           |  |
| Service cost                                      |                         | 72,272    |  |
| Interest on the total liability                   |                         | 70,645    |  |
| Difference between expected and actual experience |                         | (18,677)  |  |
| Changes in assumptions and other inputs           |                         | 40,432    |  |
| Benefit payments                                  |                         | (80,468)  |  |
| Net changes                                       |                         | 84,204    |  |
| Balance at 12/31/2023                             | \$                      | 1,832,618 |  |

Changes in assumptions and other inputs reflect a change in the discount rate from 1.84% as of December 31, 2022 to 3.77% as of December 31, 2023 and revised TCDRS demographic and salary increase assumptions.

#### Discount Rate Sensitivity Analysis

The following schedule shows the impact of the total OPEB liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (3.77%) in measuring the total OPEB liability.

|                      | 1%     | Decrease in           |    |                       | 1% | 6 Increase in         |  |                  |
|----------------------|--------|-----------------------|----|-----------------------|----|-----------------------|--|------------------|
|                      | Discou | Discount Rate (2.77%) |    | Discount Rate (3.77%) |    | Discount Rate (3.77%) |  | int Rate (4.77%) |
| Total OPEB liability | \$     | 1,984,726             | \$ | 1,832,618             | \$ | 1,693,174             |  |                  |

#### Healthcare Cost Trend Rate Sensitivity Analysis

The following schedule shows the impact of the total OPEB liability if the Healthcare Cost Trend Rate used was 1% less than and 1% greater than what was used in measuring the total OPEB liability.

|                      | 1% Decrease |           | <br>t Healthcare Cost<br>Rate Assumption | 1% Increase |           |
|----------------------|-------------|-----------|--|-------------|-----------|
| Total OPEB liability | \$          | 1,647,749 | \$<br>1,832,618                          | \$          | 2,050,542 |

#### **OPEB Expense and Deferred Outflows and Inflows of Resources Related to OPEB**

For the year ended September 30, 2024, the County recognized OPEB expense of \$129,993. At September 30, 2024, the County reported deferred outflows and inflows of resources related to OPEB from the following sources:

|  |    | red Outflows<br>Resources    | Deferred Inflows<br>of Resources |                         |  |
|--|----|------------------------------|----------------------------------|-------------------------|--|
| Differences between expected and actual experience<br>Changes in actuarial assumptions<br>Contributions subsequent to the measurement date |    | 109,408<br>281,534<br>60,737 | \$                               | 377,042<br>191,662<br>- |  |
| Total  | \$ | 451,679                      | \$                               | 568,704                 |  |

\$60,737 reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date are due to benefit payments the County paid with own assets and will be recognized as a reduction of the total OPEB liability for the year ending September 30, 2025. Other amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

| For the Year<br>Ended September 30, |           |           |
|-------------------------------------|-----------|-----------|
| 2025                                | \$        | (12,924)  |
| 2026                                |           | (12,924)  |
| 2027                                |           | (12,924)  |
| 2028                                |           | (20,040)  |
| 2029                                |           | (24,764)  |
| Thereafter                          |           | (94,186)  |
| Total                               | <u>\$</u> | (177,762) |

#### J. <u>Tax Abatements</u>

The County enters into economic development agreements designed to promote development and redevelopment within the County, stimulate commercial activity, generate additional sales tax and enhance the property tax base and economic vitality of the County. This program reduces the assessed property values as authorized under Chapter 381 of the Texas Local Government Code and Chapter 312 of the Texas Tax Code.

The County has entered into agreements that reduce property taxes. Agreements for a reduction of taxable property values on incremental values call for a reduction of 50% to 70% for 5 to 10 years. Each agreement requires a developer to maintain a minimum assessed valuation and/or minimum employment requirements. For the fiscal year ending 2024, the County abated property taxes of \$278,004.

#### K. Interfund Transfers

The composition of interfund transfers for the year ended September 30, 2024 is as follows:

| Transfers in                          | Transfers out                         |           | Amount         |  |  |
|---------------------------------------|---------------------------------------|-----------|----------------|--|--|
| General Fund<br>Nonmajor Governmental | Nonmajor Governmental<br>General Fund | \$        | 290<br>323,044 |  |  |
| Total                                 |                                       | <u>\$</u> | 323,334        |  |  |

The transfer from the General Fund to nonmajor governmental funds was used to fund archive and restoration purchases.

#### L. Accounting Changes and Error Corrections

In accordance with GASB 100, error corrections for the year are reported as follows:

*Error Corrections* During fiscal year 2024, the County identified certain errors related to revenue amounts reported in prior years. Items reported for error corrections include the following:

 In fiscal year 2024, the County identified an error in the recognition of grant revenues. Revenue in the amount of \$751,751 was reported in a prior year, before revenue recognition criteria had been met. This caused an overstatement of fund balance in the general, road and bridge #3, and road and bridge #4 fund; overstatement of governmental activities net position; and an understatement in governmental unavailable revenues. The error was corrected in fiscal year 2024 by restating the beginning net position of the governmental activities as of September 30, 2024.

The restatement of beginning fund balance and net position is as follows:

|                          |           | 9/30/2023<br>s Previously<br>Reported | C  | Error<br>Correction | 9/30/2023<br>As Restated |

#### M. New Accounting Principles

Significant new accounting guidance issued by the Governmental Accounting Standards Board (GASB) not yet implemented by the County include the following:

GASB Statement No. 101, Compensated Absences – The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. This Statement will become effective for reporting periods beginning after December 15, 2023, and the impact has not yet been determined.

GASB Statement No. 102, *Certain Risk Disclosures* – The objective of this Statement is to provide users of government financial statements with information about risks related to a government's vulnerabilities due to certain concentrations or constraints that is essential to their analyses for making decisions or assessing accountability. This Statement will become effective for reporting periods beginning after June 15, 2024, and the impact has not yet been determined.

GASB Statement No. 103, *Financial Reporting Model Improvements* – The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement also addresses certain application issues. This Statement will become effective for reporting periods beginning after June 15, 2025, and the impact has not yet been determined.

GASB Statement No. 104, *Disclosure of Certain Capital Assets* – The objective of this Statement is to provide users of government financial statements with essential information about certain types of capital assets. This Statement requires certain types of capital assets to be presented separately in the note disclosures, including right-to-use assets related to leases, Subscription-Based Information Technology Arrangements, and public-private or public-public partnerships. Other intangible assets are also required to be presented separately by major class. Additional disclosures have also been required for capital assets held for sale. This Statement will become effective for reporting periods beginning after June 15, 2025, and the impact has not yet been determined.

#### NOTES TO SCHEDULE OF EMPLOYER CONTRIBUTIONS

SEPTEMBER 30, 2024

Valuation Date

Actuarially determined contribution rates are calculated each December 31, two years prior to the end of the fiscal year in which the contributions are reported.

#### Methods and assumptions used to determine contributions rates:

| Actuarial Cost Method  | Entry Age (level percentage of pay)  |  |  |  |  |  |
|--|--|--|--|--|--|--|
| Amortization Method  | Level percentage of payroll, closed  |  |  |  |  |  |
| Remaining Amortization Period  | 17.2 years (based on contribution rate calculated in 12/31/2023 valuation)   |  |  |  |  |  |
| Asset Valuation Method   | 5-year smoothed market   |  |  |  |  |  |
| Inflation  | 2.50%  |  |  |  |  |  |
| Salary Increases   | Varies by age and service. 4.7% average over career including inflation.   |  |  |  |  |  |
| Investment Rate of Return  | 7.50%, net of administrative and investment expenses, including inflation.   |  |  |  |  |  |
| Retirement Age   | Members who are elgible for service retirement are assumed<br>to commence receiving benefit payments based on age. The<br>average age at service retirement for recent retirees is 61. |  |  |  |  |  |
| Mortality  | 135% of the Pub-2010 General Retirees Table for males and 120% of the Pub-2010 General Retirees Table for females, both projected with 100% of the MP-2021 Ultimate Scale after 2010.  |  |  |  |  |  |
| Changes in Assumptions and Methods<br>Reflected in the Schedule of                   | 2015: New inflation, mortality and other assumptions were reflected.   |  |  |  |  |  |
| Employer Contributions   | 2017: New mortality assumptions were reflected.  |  |  |  |  |  |
|  | 2019: New inflation, mortality and other assumptions were reflected.   |  |  |  |  |  |
|  | 2022: New investment return and inflation assumptions were reflected.  |  |  |  |  |  |
| Changes in Plan Provisions Reflected<br>in the Schedule of Employer<br>Contributions | 2015: No changes in plan provisions were reflected in the schedule.  |  |  |  |  |  |
| Contributions  | 2016: No changes in plan provisions were reflected in the schedule.  |  |  |  |  |  |
|  | 2017: New annuity purchase rates were reflected for benefits earned after 2017.  |  |  |  |  |  |
|  | 2018-2023: No changes in plan provisions were reflected in the schedule.   |  |  |  |  |  |

#### SCHEDULE OF CHANGES IN TOTAL OPEB LIABILITY AND RELATED RATIOS

#### SEPTEMBER 30, 2024

| Measurement Date December 31  | 2023                | 2022                | 2021                |
|---|---------------------|---------------------|---------------------|
| Total OPEB Liability  |                     |                     |                     |
| Service cost  | \$ 72,272           | \$ 102,844          | \$ 110,391          |
| Interest on total OPEB liability  | 70,645              | 38,697              | 38,312              |
| Change in benefit terms   | -                   | -                   | -                   |
| Difference between expected and actual                                      |                     |                     |                     |
| experience of the total OPEB liability                                      | (18,677)            | (167,162)           | (15,403)            |
| Changes of assumptions  | 40,432              | (237,999)           | 123,596             |
| Benefit payments  | (80,468)            | (79,273)            | (51,956)            |
| Net change in total OPEB liability  | 84,204              | (342,893)           | 204,940             |
| Total OPEB liability - beginning  | 1,748,414           | 2,091,307           | 1,886,367           |
| Total OPEB liability - ending   | <u>\$ 1,832,618</u> | <u>\$ 1,748,414</u> | <u>\$ 2,091,307</u> |
| Covered-employee payroll  | \$ 14,560,871       | \$ 13,909,778       | \$ 13,657,380       |
| Total OPEB liability (asset) as a percentage<br>of covered-employee payroll | 12.59%              | 12.57%              | 15.31%              |

#### Notes to Schedule:

- No assets are accumulated in a trust for the plan to pay related benefits that meets the criteria in paragraph 4 of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions.

- This schedule is required to have 10 years of information, but the information prior to 2017 is not available.

- Changes of assumptions reflect the effets of changes in the discount rate each period. The following are the discount rates each period.

#### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable County Judge and Commissioners Court Cooke County, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Cooke County, Texas (the "County"), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated June 19, 2025.

### Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified certain deficiencies in internal control, described in the accompanying Schedule of Findings and Responses as item 2024-001 that we consider to be a material weakness.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Pattillo, Brown & Hill, L.L.P.

Waco, Texas June 19, 2025

#### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE AND THE STATE OF TEXAS GRANT MANAGEMENT STANDARDS

Honorable County Judge and Commissioners Court Cooke County, Texas

### Report on Compliance for Each Major Federal and State Programs

### **Opinion on Each Major Federal and State Programs**

We have audited Cooke County, Texas (the "County") compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Compliance Supplement* and the State of Texas *Grant Management Standards* ("*TxGMS*") that could have a direct and material effect on each of the County's major federal and state programs for the year ended September 30, 2024. The County's major federal and state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended September 30, 2024.

### Basis for Opinion on Each Major Federal and State Programs

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States (*Government Auditing Standards*); the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and TxGMS. Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

### **Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the County's federal and state programs.

### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and TxGMS will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about County's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and TxGMS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the County's internal control over compliance relevant to the audit in
  order to design audit procedures that are appropriate in the circumstances and to test and report on
  internal control over compliance in accordance with the Uniform Guidance and TxGMS, but not for
  the purpose of expressing an opinion on the effectiveness of the County's internal control over
  compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control Over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal and state programs on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state programs will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* in *internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance severe than a material weakness in internal control over compliance with a type of compliance over compliance over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance programs that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

# Report on Schedule of Expenditures of Federal and State Awards Required by the Uniform Guidance and TxGMS

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Cooke County, Texas as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise Cooke County, Texas' basic financial statements. We issued our report thereon, dated June 19, 2025, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by the Uniform Guidance and TxGMS is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal and state awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and TxGMS. Accordingly, this report is not suitable for any other purpose.

Pattillo, Brown & Hill, L.L.P.

#### NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS

YEAR ENDED SEPTEMBER 30, 2024

#### Note 1 - Basis of Presentation

The accompanying Schedule of Expenditures of Federal and State Awards (the "Schedule") includes the Federal and State grant activity of the County under programs of the Federal and State government for the year ended September 30, 2024. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal and State Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)* and Texas Management Grant Standards (TxGMS). Because the schedule presents only a selected portion of the operations of the County, it is not intended and does not present the financial position, changes in net position/fund balance or cash flows of the County.

#### **Note 2 - Summary of Significant Accounting Policies**

The County accounts for Federal and State funding using the modified accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they become susceptible to accrual, i.e. both measurable and available, and expenditures in the accounting period in which the liability is incurred, if measurable, except for certain compensated absences, claims and judgments, which are recognized when the obligations are expected to be liquidated with expendable available financial resources. Federal and State grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant, and, accordingly, when such funds are received, they are recorded as unearned revenue until earned. Generally, unused balances are returned to the grantor at the close of specified project periods.

### **Note 3 - Indirect Costs**

The County has elected not to use the de minimis indirect cost rate allowed in the Uniform Guidance.

### Findings and Questioned Costs Related to Federal and State Awards

None

#### SUMMARY SCHEDULE OF AUDIT FINDINGS

### FOR THE YEAR ENDED SEPTEMBER 30, 2024

### Finding 2024-001 – Material Weakness

### Criteria

Management is responsible for establishing and maintaining an effective system of internal control over financial reporting. This system ensures the accuracy, completeness, and reliability of the financial statements.

### Condition

Material revenues were recognized in the financial statements in a prior period. Upon review, these revenues should have been recognized in the current year. This required a restatement of the financial statements to correct the error.

### Effect

Beginning governmental activities net position and governmental fund balance were overstated and revenues in the major and nonmajor governmental funds were understated by \$751,721 for the year ended September 30, 2024.

### Cause

Revenue was recognized based on the availability of supporting documentation indicating earned amounts; however, certain timing considerations related to the receipt of cash within the allowable recognition window were not fully aligned with applicable accounting guidance. This resulted in revenue being recorded prior to the fulfillment of all recognition criteria under the modified accrual basis.

### Recommendation

Management should perform a year-end review of the grant conditions and awards to ensure that revenue is recognized in the appropriate reporting period.

### Management's Response

We acknowledge the error identified in our revenue recognition process, which resulted in the understatement of revenues. To address this issue, we have implemented enhanced controls and procedures to ensure accurate revenue reporting, including thorough reviews and reconciliations. Additionally, we are providing comprehensive training to our finance team to prevent future occurrences. We are committed to maintaining the highest standards of financial accuracy and transparency and will continue to monitor and improve our processes to ensure compliance with all relevant accounting standards.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

SEPTEMBER 30, 2024

None

THIS PAGE LEFT BLANK INTENTIONALLY

Honorable County Judge And Commissioners Court Cooke County, Texas

We have audited the financial statements of Cooke County, Texas as of and for the year ended September 30, 2024, and have issued our report thereon dated June 19, 2025. Professional standards require that we advise you of the following matters relating to our audit.

### Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated October 3, 2024, our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of its respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of Cooke County, Texas solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

#### **Planned Scope and Timing of the Audit**

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

#### **Compliance with All Ethics Requirements Regarding Independence**

The engagement team, others in our firm, as appropriate, our firm, and our network firms have complied with all relevant ethical requirements regarding independence.

As a part of the engagement, we assisted in preparing the financial statements, related notes to the financial statements, the schedule of expenditures of federal and state awards, and lease and subscription schedules of Cooke County, Texas in conformity with U.S. generally accepted accounting principles. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services were not conducted in accordance with *Government Auditing Standards*.

In order to reduce threats to our independence caused by these nonattest services to an acceptable level, we applied certain safeguards. These safeguards include a concurring review, which is a review of the financial statements and key audit areas which is performed by a partner or manager who has adequate experience in audits of local governments, but who was not involved in this audit engagement. The concurring reviewer serves as an evaluator of the performance of the engagement team and the nonattest services provided.

In addition, management assumed responsibility for the financial statements, related notes to the financial statements, schedule of expenditures of federal and state awards, lease and subscription schedules, and any other nonaudit services we provided. Management acknowledged, in the management representation letter, our assistance with the preparation of the financial statements, related notes to the financial statements, the schedule of expenditures of federal and state awards, and the lease and subscription schedules, and that these items were reviewed and approved prior to their issuance and accepted responsibility for them. Further, the nonaudit services were overseen by an individual within management that has the suitable skill, knowledge, or experience; evaluated the adequacy and results of the services; and accepted responsibility for them.

#### Significant Risks Considered

We have considered the following significant risks during our audit process, which required special audit consideration. None of the specific risks below have resulted in a significant matter, finding, or issue.

| Significant Risk Considered     | Reasoning for Special Audit Consideration  |
|---------------------------------|--|
| Management override of controls | The risk that members of management could circumvent well-<br>designed and effective internal controls.  |
| Bank accounts                   | Like many Texas counties, Cooke County has a large number of<br>bank accounts at multiple depositories with different signors. No<br>one person has signatory authority for the whole County.<br>Increased risk of improperly reconciled cash or omitted bank<br>accounts. |

### **Qualitative Aspects of the Entity's Significant Accounting Practices**

#### Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the County is included in the notes to the financial statements. As described in the notes to the financial statements, during the year, the entity implemented Governmental Accounting Standards Board (GASB) Statement No. 100, Accounting Changes and Error Corrections-an amendment of GASB Statement No. 62. Accordingly, the cumulative effect of the accounting change as of the beginning of the year has been reported in the financial statements.

No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

#### Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments. The most sensitive accounting estimates affecting the financial statements are:

Management's estimate of the allowance for doubtful accounts for property tax and adjudicated fines receivable is based on a historical analysis of the collectability of these receivables. We evaluated key factors and assumptions used to develop the allowance in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimates of the accumulated depreciation, the related useful lives of capital assets, and the allowance for uncollectible fines. We evaluated the key factors and assumptions used to develop these estimates in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of the fair values of investments is based on current and historical market trade data and information provided by investment advisors. We evaluated the key factors and assumptions used to develop the fair value estimates and determined that they are reasonable in relation to the basic financial statements taken as a whole and in relation to the applicable opinion units.

Management's estimates of the pension liability, OPEB liability, and pension and OPEB expense are based on actuarial assumptions which are determined by the demographics of the plan and future projections that the actuarial makes based on historical information of the plan and the investment market. We evaluated the key factors and assumptions used to develop the pension liability, OPEB liability, and pension and OPEB expense and determined that they are reasonable in relation to the basic financial statements taken as a whole and in relation to the applicable opinion units.

#### Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting Cooke County, Texas' financial statements relate to the pension and OPEB liabilities.

#### Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

#### **Uncorrected and Corrected Misstatements**

For purposes of this communication, professional standards also require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. Management has corrected all identified misstatements.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. None of the misstatements identified by us as a result of our audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

#### **Disagreements with Management**

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to Cooke County, Texas' financial statements or the auditor's report. No such disagreements arose during the course of the audit.

#### **Representations Requested from Management**

We have requested certain written representations from management, which are included in the attached letter dated June 19, 2025.

### Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

#### Other Significant Matters, Findings, or Issues

In the normal course of our professional association with Cooke County, Texas, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, business conditions affecting the entity, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as Cooke County, Texas' auditors.

#### **New Accounting Pronouncements**

The Governmental Accounting Standards Board (GASB) issued the following statements which will become effective in subsequent fiscal years:

GASB Statement No. 101, *Compensated Absences* - The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. This Statement will become effective for reporting periods beginning after December 15, 2023, and the impact has not yet been determined.

GASB Statement No. 102, *Certain Risk Disclosures* - This Statement requires governments to disclose essential information about risks related to vulnerabilities due to certain concentrations or constraints. Concentrations and constraints may limit a government's ability to acquire resources or control spending. The requirements of Statement No. 102 are effective for fiscal years beginning after June 15, 2024, and the impact has not yet been determined.

GASB Statement No. 103, *Financial Reporting Model Improvements* - The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability and address certain application issues. The requirements for Statement No. 103 are effective for fiscal years beginning after June 15, 2025, and the impact has not yet been determined.

GASB Statement No. 104, *Disclosure of Certain Capital Assets* – The objective of this Statement is to provide users of government financial statements with essential information about certain types of capital assets. This Statement requires certain types of capital assets to be presented separately in the note disclosures, including right-to-use assets related to leases, Subscription-Based Information Technology Arrangements, and public-private or public-public partnerships. Other intangible assets are also required to be presented separately by major class. Additional disclosures have also been required for capital assets held for sale. This Statement will become effective for reporting periods beginning after June 15, 2025, and the impact has not yet been determined.

#### **Restrictions on Use**

This report is intended solely for the information and use of the Commissioners Court and management of Cooke County, Texas and is not intended to be and should not be used by anyone other than these specified parties.

Pattillo, Brown & Hill, L.L.P.

Waco, Texas June 19, 2025
